

DISCOVERING THE ART OF BABOO CRAFT

A CREATIVE WORKSHOP WITH NATURAL MATERIALS

SCHEDULE

- Bamboo is one of the most familiar natural materials in Vietnamese life, from shoulder poles, baskets and mats to durable architectural structures. Not only is bamboo closely linked to daily life, but it has also become an endless sources of inspiration for exquisite handicrafts. If you want to experience and learn the skills of making bamboo products, [a bamboo workshop](#) is a fantastic opportunity to explore and create.

- A bamboo workshop is a hands-on experience where you will be guided to craft handcrafted items from bamboo under the guidance of experience artisans. Here, you will not only learn about bamboo crafting techniques but also gain insight into the sustainability and cultural value of this natural material.

- The products you can create in a bamboo workshop are diverse, ranging from decorative items, souvenirs to practical household goods such as baskets, tray and even mini furniture. From selecting the bamboo, cutting, bending, to assembling the parts together, each step of the process requires skill and precision.

***Details of the workshop:**

- How the Vietnamese people use bamboo
- Bamboo as sustainable material
- Traditional bamboo house in Vietnam
- Bamboo facilities and things are made out of bamboo
- Special technique to treat bamboo in Cam Thanh village
- The story of the family with 2 generations that have a deep passion for bamboo

***Creative time:**

- Time to choose items to make
- Get general instruction
- Time to make the souvenir on your own with help of facilitators
- Draw the product from your imagination
- Wrap up with sharing your thought
